

# MUUG Meeting

The Manitoba UNIX User Group

**Date:** Tuesday, March 5<sup>th</sup>, 2024

**Time:** 7:30pm

**Topic:** Fluentd

**By:** Alberto Abrao (In-person/Hybrid Meeting)

Alberto Abrao will present and demo *fluentd*. According to their website, “Fluentd is an open source data collector for unified logging layer.” Fluentd is lightweight enough that you can host it on a Raspberry Pi or similar low-end device. The presentation will walk us through the configuration of a machine that will serve as a “log aggregator,” and a couple of others that will send their logs to it. All logs will stay in plain text, as the “Gods of UNIX” intended.

**The latest meeting details are always at:**

<https://muug.ca/meetings/>

## Where to Find the Meeting:

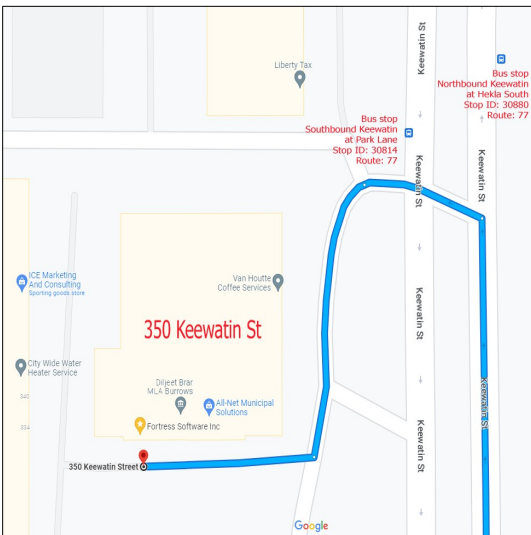

**Fortress Software Inc.  
350 Keewatin St – Unit #2**

We have a new in-person meeting location now!

Brad Vokey has graciously let us use his work office for our next in-person meeting.

**The meeting room will be open by 7:00 pm, with the actual meeting starting at 7:30 pm.**

If driving, enter the lot using the most north-eastern entrance (far right in the above picture) and drive around to the south west corner of the building (see route in map detail). You can use any of the free, ample, and safe parking spots that say “reserved” in front of units #1 through #4 before entering unit #2 (the one with the MUUG logo above the door!).

Bus stops #30814 and #30880 (route 77) are only 150 meters away. The last bus leaves for Polo Park at 10:15 pm and for Garden City at 10:31 pm.

Logan Ave. bus routes #19, #26, and #27 are a 600 meter (8 minute) walk to the south.
